Business Meeting

The meeting was opened by Dave Halter. The Woodworking Tool Show was the primary order of business. David Bartlett discussed the arrangements that he had made for the show and scheduling. He put a lot of his time and effort into making contacts and following up on questions.

February Program

David Bartlett and Chip Siskey teamed up to give a demo on lathe maintenance and tool sharpening in preparation for the tool show. Chip was ill and unable to attend so David had to fly solo. He had some excellent tips to keep your tools sharp and for keeping your lathe in peak running order.

Show and Tell

Oil Lamp turned from Spalted Maple and Walnut by Bruce Stephenson.

Kent Townsend presented a self-standing Cane turned from Mahogany and Tiger Maple.

Danny Smith brought a sock darning egg and mushroom .

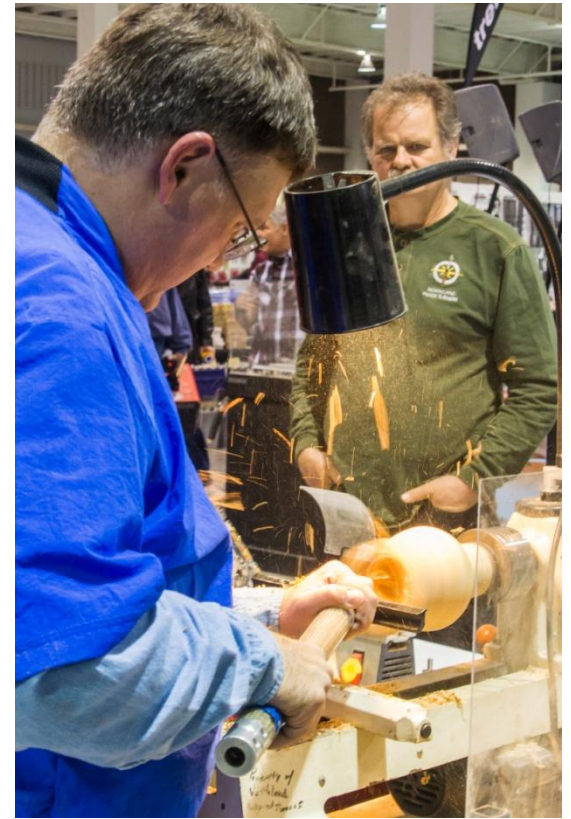

David Bartlett brought 2 baseball bats turned from yellow pine.

Wood Working Tool Show

We had a good turnout for the tool show. Everything went very smoothly. Many people stopped to chat about wood turning. The demonstrations generated a lot of interest especially among the children. We hope some of them will become members.

Thanks to all who helped and a special Thanks to David Bartlett for coordinating!!!

Damage Control Plugs

Thanks to everyone who's helped with our plug orders. Our inventory is getting low so we will be asking for help getting restocked. There will be boxes of blanks at the next meeting. Please consider taking a box home and turning them by the following meeting.

Here's a table with the plug dimensions for reference. It's also on the Club News tab of the club website at
