Business Meeting

The meeting was opened by Vice President David Bartlett.

Visitors were Jim Bundridge and Vince Robinette.

No water in meeting so plan accordingly.

Chapter meetings:

First Thursday of each month, 7-9 pm. Our new address is:

**6737 NW Tower Drive
Platte Woods Mo. 64151**

We're south of Zona Rosa just off NW Prairie View Rd., just east of Platte Woods Police department and City Hall on the north side of the mall.

Demonstration

Alex Garcia demonstrated bowl coring using the Woodcut Bowl saver. He started by mounting the blank on a screw drive center and shaping the outside of the bowl. Once he obtained his general shape he turned a tenon on the bowl. He recommended using a large jaw set and tenon to withstand the stress of coring without breaking off. He then reversed the bowl and placed in a scroll chuck.

Alex emphasized that the coring tool height should be set to the bowl center. Using the guide provided with the tool he marked the knife entry points and set the distance for the pivot bowl to the bowl inside bottom. He also secured the back of the cutting assembly in the tailstock for stability. He then demonstrated cutting the core from the bowl.

Damage Control Plugs

Thanks to everyone who's helped with our plug orders. Our inventory is getting low so we will be asking for help getting restocked. There will be boxes of blanks at the next meeting. Please consider taking a box home and turning them by the following meeting.

Here's a table with the plug dimensions for reference. It's also on the Club News tab of the club website at
